

Laborator 3 - Fragmente

Am rulat exemplul cu fragment (<https://cti.ubm.ro/cmo/pdfs/03%20-%20ui/fragment/>) iar apoi am facut un proiect nou si am refacut exemplul pas cu pas.

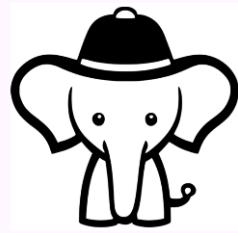

De asemenea am facut si exercitiul propus

(https://kb.cunbm.utcluj.ro/pluginfile.php/268773/mod_assign/introattachment/0/CMO_L03.pdf?forcedownload=0) in care am creat 2 activitati (MainActivity si DetailsActivity). In MainActivity am pus 3 butoane in partea de jos(prev, details si next) si un fragment in partea de sus pentru a afisa imaginea si descrierea. In DetailsActivity am pus o caseta de text in care se poate edita descrierea si un button de save pentru a salva si reveni la activitatea anterioara.
